2016/004
Valid from
04/02/2016

Information provider
Ministry of Business, Innovation and Employment
Information type
Determination
Format
PDF

Description

This determination considers the compliance of particular external walls of the house with respect to weathertightness and durability.

The walls are not under eaves that would provide shelter from the weather, and the joinery is not installed in accordance with the manufacturer's instructions.
