### Description

The purpose of this Act is to reform the law relating to the registration of engineers and to establish the title of chartered professional engineer as a mark of quality; and, to those ends, this Act

- (a) establishes a registration system for chartered professional engineers, under which persons who wish to be chartered professional engineers must meet minimum standards to be, and continue to be, registered:
- (b) requires a code of ethics and a complaints and disciplinary process to apply to chartered professional engineers:
- (c) requires a professional body to carry out the functions relating to the registration system, the code of ethics, and the complaints and disciplinary process, and establishes a statutory body to oversee aspects of those functions:
- (d) repeals the Engineers Registration Act 1924.

### Scope

This Act is referenced as a means of establishing competency to use verification method B1/VM1
