Information type

Determination

Format

PDF

Description

This is a determination of a dispute referred to the Chief Executive of the Department of Building and Housing under section 17 of the Building Act 1991 as amended by section 424 of the Building Act 2004.

The applicant is a trust, and the other party is the Auckland City Council.

The application arises from the refusal by the territorial authority to issue a code compliance certificate for a 2-year-old addition to an existing house, unless changes are made to its monolithic cladding systems.

The question to be determined is whether on reasonable grounds the monolithic wall cladding as installed to the new and existing timber-framed external walls of the house, complies with the Building Code

For assistance with locating previous versions, please contact the information provider.
