2006/005: Refusal of a code compliance certificate for a house with a monolithic cladding system

[View on Information Provider website](#) [Download this resource \(PDF, 0KB\)](#) {{ linkText }}

Abbreviation

2006/005

Valid from

02/02/2006

Information provider

Ministry of Business, Innovation and Employment

Information type

Determination

Format

PDF

Description

The application arose because the territorial authority declined to issue a code compliance certificate for a 5-year-old alteration to a 50-year-old house, unless changes were made to its monolithic cladding system.

The question to be determined was whether the monolithic wall cladding as installed to the timber-framed external walls, columns, and beams of the house complied with the Building Code.
