Information type

Determination

Format

PDF

---

**Description**

The application arises because no code compliance certificate was issued by the territorial authority for this 2-year-old apartment complex. The question to be determined is whether the building envelope, including the monolithic wall cladding as installed to the external walls of the building complies with the Building Code (see sections 177 and 188 of the Act).

For assistance with locating previous versions, please contact the information provider.
