2006/056: Refusal of a code compliance certificate for a building with a monolithic cladding system

[View on Information Provider website](#) [Download this resource \(PDF, 148KB\)](#)

{{ linkText }}

Abbreviation

2006/056

Valid from

20/06/2006

Information provider

Ministry of Business, Innovation and Employment

Information type

Determination

Format

PDF

Description

The dispute for determination is whether: Issue 1: The territorial authority's decision to decline to issue a code compliance certificate on a 6-year-old house was correct. The territorial authority declined the application because it was not satisfied that the monolithic cladding as installed on the building complied with clauses B2 Durability and E2 External Moisture of the Building Code . Issue 2: All other elements incorporated in this building comply with clause B2 of the Building Code, considering the time the house was constructed.
