2006/089: Refusal of a code compliance certificate for two buildings with monolithic cladding systems

[View on Information Provider website](#) [Download this resource \(PDF, 176KB\)](#)

{{ linkText }}

Abbreviation
2006/089

Valid from
14/09/2006

Information provider
Ministry of Business, Innovation and Employment

Information type
Determination

Format
PDF

Description

The dispute for determination was whether the territorial authority's decision to decline to issue a code compliance certificate for a 4-year-old house and a 3-year old house because it was not satisfied that the monolithic cladding to the walls of the units complied with clauses B2 Durability and E2 External Moisture of the Building Code was correct.

The question to be determined was whether the monolithic wall cladding as installed to the walls of the units complied with the Building Code (see sections 177 and 188 of the Act)

For assistance with locating previous versions, please contact the information provider.
