Description

This determination arises from the decision of the territorial authority to refuse to issue a code compliance certificate for an 11 year old house because it was not satisfied that it complied with clauses B2 'Durability' and E2 'External Moisture' of the Building Code. The matters to be determined are whether the cladding as installed on the building complies with clause E2 'External Moisture' of the Building Code. Also, the elements that make up the building comply with clause B2 taking into account the age of the building.
