2008/004: Relocating and re-using safety barriers in the alteration of existing bridges

[View on Information Provider website](#) [Download this resource \(PDF, 66KB\)](#)

{{ linkText }}

Abbreviation

2008/004

Valid from

18/01/2008

Information provider

Ministry of Business, Innovation and Employment

Information type

Determination

Format

PDF

Description

The application arises from a difference of opinion between the owner and the regulator as to whether, under section 112, some or all of the safety barriers on the bridges concerned are required to be upgraded when the bridges are altered. (The parties referred to the safety barriers concerned as 'handrails', but I use the terms 'safety barriers' or 'barriers' because the term 'handrail' as defined in Clause A2 is not appropriate.)

For assistance with locating previous versions, please contact the information provider.
