Determination

Format

PDF

Description

The determination arises from the authority's decision to issue a code compliance certificate for the remedial work ('the remedial work') carried out on the building. The decision to issue the code compliance certificate is disputed by the applicants. The matter for determination is whether the remedial work undertaken on the first floor decks of the units including the stairs ('the deck') complies with Clauses B2 Durability and E2 External Moisture of the Building Code (Schedule 1, Building Regulations 1992).
