Information type

Determination

Format

PDF

Description

The determination arises from the authority's decision that the proposed building must have access and facilities for people with disabilities. The proposed building containing kitchen and ablution facilities is intended to supplement and service the owner's existing accommodation on the orchard.

The matter for determination is the territorial authority's decision to refuse to issue an amendment to the building consent so that the building would no longer comply with the Building Code with respect to access and facilities for people with disabilities (being Building Code Clauses D1 Access routes, G1 Personal hygiene and G3 Food preparation and prevention of contamination).
