Information type

Determination

Format

PDF

---

**Description**

This determination arises from the decision of the authority to refuse to issue a code compliance certificate ('CCC') for a 10 year-old building because of concerns regarding its extended civil liability exposure, and the durability of the building elements. The matter for determination in terms of sections 177(b)(i) and 1882 is whether the decision not to issue a CCC was correct.

For assistance with locating previous versions, please contact the information provider.
