2010/071: Durability requirements for meter boxes installed in three brick-clad houses

[View on Information Provider website](#) [Download this resource \(PDF, 0KB\)](#)

Abbreviation

2010/071

Valid from

16/08/2010

Information provider

Ministry of Business, Innovation and Employment

Author

Ministry of Business, Innovation and Employment

Information type

Determination

Format

PDF

Description

This determination arose from the decision of the building consent authority that galvanised meter boxes fitted into the brick cladding of three houses did not meet the durability requirements of the Building Code.

The matter determined was whether the galvanised meter boxes complied with the requirements of Building Code Clause B2 Durability.
