### Description

This determination arises from the authority's decisions to issue two notices to fix and to refuse to issue a certificate of acceptance for an addition to the western side of the house and the conversion of a detached garage into a sleep-out. The decisions arose because authority was not satisfied that the building work complied with certain clauses of the Building Code. The matters to be determined are therefore whether the authority was correct to issue the notices to fix and to refuse to issue a certificate of acceptance for the building work.
