Description

The matter for determination in terms of section 177(1)(a) of the Act is whether the proposed work will comply with Clause E2 External Moisture of the Building Code. The parties have not raised any other matters relating to other clauses of the Building Code or other parts of the building work. Therefore, this determination is restricted to Clauses B2 Durability and E2 External moisture of the Building Code in respect of the two upper level decks only. The application is in respect the authoritys decision to issue a notice to fix for the remedial work. The authority advises that the notice to fix was issued; but as neither the architect nor the authority have been able to provide a copy of this document, the matter to be determined is that as described above.
