Description

This determination arose from the decision of the authority to refuse to issue a code compliance certificate.

The authority's concerns related to the compliance of the membrane installed under the tiles in the ensuite bathroom with Clauses E3 and B2 of the Building Code.

The matter determined was therefore whether the authority correctly exercised its powers of decision when it refused to issue the code compliance certificate.

It was considered whether the membrane installed under the tiles in the ensuite bathroom complied with Clauses E3 Internal Moisture and B2 Durability of the Building Code.
