2017/071: Code compliance of a proposed house with steel framing and polyisocyanurate insulation board

[View on Information Provider website](#) [Download this resource \(PDF, 326KB\)](#)

{{ linkText }}

Abbreviation

2017/071

Valid from

31/08/2017

Information provider

Ministry of Business, Innovation and Employment

Author

Ministry of Business, Innovation and Employment

Information type

Determination

Format

PDF

Description

This determination considers the code compliance of a proposed steel-framed house that uses rigid foam insulation board to insulate the walls and roof: the house was the subject of an application for building consent.

The determination considers whether the insulation board satisfies certain clauses of the Building Code, and also whether the documents submitted in support of the application for building consent were adequate.
