Abbreviation
AS/NZS 3598.1:2014

Valid from
02/10/2014

Information provider
Standards New Zealand

Author
Standards Australia, Standards New Zealand

Information type
New Zealand Standard

Format
PDF

Description

This Standard sets out minimum requirements for commissioning and conducting three prescribed types of commercial building energy audits that identify opportunities for cost effective investments to improve energy performance.

These energy audits encompass all forms of energy used in commercial buildings and are undertaken by appropriately competent personnel either internal or external to the organisation.

For assistance with locating previous versions, please contact the information provider.
