NZS 4402.6.5.1:1988 Methods of testing soils for civil engineering purposes - Soil strength tests - Determination of the penetration resistance of a soil - Test 6.5.1 Standard penetration test (SPT)

[View on Information Provider website](#)

Abbreviation

NZS 4402.6.5.1:1988

Valid from

31/12/1987

Information provider

Standards New Zealand

Author

Standards New Zealand

Information type

New Zealand Standard

Format

PDF

Description

Describes the procedure for determining the resistance of soils to the penetration of a split-tube sampler, and the obtaining of disturbed samples of soils for identification purposes.
