Evaluation method

Format

HTML, PDF

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

The purpose of this acceptance criteria is to establish general requirements for laboratory tests submitted to ICC-ES in support of applications for ICC-ES evaluation reports and listings.

Scope

This criteria includes requirements for test reports and testing laboratories, and for sampling of specimens used in tests to qualify products for recognition in evaluation reports and listings.

For assistance with locating previous versions, please contact the information provider.

Notes/comments

ICBO AC148:2001 cites AC85, the prior to 2001 version, which is not currently available online. We have provided you with a link to this more recent version for your information only.
