## ANSI B16.11:1980 Forged steel fittings, socket-welding and threaded

[Download this resource \(PDF, 150KB\)](#)

### Abbreviation

ANSI B16.11: 1980

### Valid from

15/12/1980

---

### Information provider

American National Standards Institute

### Author

American National Standards Institute

### Information type

Standard

### Format

PDF

---

### Cited By

[This resource is cited by 4 documents \(show Citations\)](#)

### Cites

[This resource cites 8 documents \(show Citations\)](#)

---

### Description

This Standard covers pressure-temperature ratings, dimensions, tolerances, marking and material requirements for forged carbon and alloy steel fittings both socket-welding and threaded.

For assistance with locating previous versions, please contact the information provider.
