ANSI/ASME B16.3:1985 Malleable iron threaded fittings, Classes 150 and 300

[View on Information Provider website](#)

Abbreviation

ANSI/ASME B16.3:1985

Valid from

21/11/1985

Information provider

American Society of Mechanical Engineers

Author

American Society of Mechanical Engineers

Information type

Standard

Format

Hard copy

Description

This Standard covers malleable iron threaded fittings, Classes 150 and 300. It also contains provisions for using steel for caps and couplings in Class 150 for NPS 3/8 and smaller.

This standard includes:

- a) pressure-temperature ratings
- b) size and method of designating openings of reducing fittings
- c) marking
- d) material
- e) dimensions and tolerances
- f) threading
- g) coatings.

For assistance with locating previous versions, please contact the information provider.
