Description

Viking GM Mercury FC DPM Membrane is a modified bitumen torch-on-damp-proof membrane for basement retaining walls and floors.

Scope

Viking GM Mercury FC DPM Membrane has been appraised as a DPM for use:

- on buildings subject to non-specific design under floor slabs complying with NZS 3604 and behind concrete masonry basement walls and under floor slabs complying with NZS 4229; and,
- on buildings subject to specific design with substrates of insitu or precast concrete complying with NZS 3101 or concrete masonry complying with NZS 4230; and,
- where subsoil drainage and free draining granular backfill has been placed behind basement walls.

Viking GM Mercury FC DPM Membrane must be adequately protected against damage during backfilling and in service.

The product must be installed by Viking Roofspect approved installers.

For assistance with locating previous versions, please contact the information provider.

Notes/comments

This Appraisal replaces BRANZ Appraisal No.864 (2014).
