### Description

The Multicom® Wall Panel System is a pre-finished wall lining system that incorporates panels manufactured from compact laminates.

### Scope

The Multicom® Wall Panel System has been appraised for use as a non-structural wall lining in new or existing buildings, for the following:

- where non-structural (non bracing), non fire-rated and acoustically unrated interior linings are specified; and,
- wet areas such as ablution blocks, shower rooms, toilet blocks and bathrooms where moisture resistant materials are required; and,
- areas where hygiene is of particular importance and easy-to-clean surfaces are required; and,
- other areas where low maintenance pre-finished wall lining systems are specified.

For assistance with locating previous versions, please contact the information provider.

### Notes/comments

This Appraisal replaces BRANZ Appraisal No. 869 (2014).
