### Description

This Standard describes the method for obtaining samples of freshly-mixed concrete directly from mixers, from agitator or non-agitator units, from concrete deposited in readiness for casting, and from concrete deposited in the forms.

### Scope

This Standard sets out the method for obtaining samples of freshly-mixed concrete -

- (a) directly from mixers;
- (b) from agitator or non-agitator units;
- (c) from concrete deposited in readiness for casting; and
- (d) from concrete deposited in the forms.
