### Description

This Standard specifies requirements for threaded steel tubes and tubulars, and plain-end steel tubes suitable for screwing as specified in AS 1722.1, and of DN 8 to DN 150 inclusive (nominal size). Three wall thicknesses of tube, designated Light, Medium, and Heavy, are specified in Section 2.

**Note:** Guidelines on information that should be specified by the purchaser or agreed upon at the time of enquiry or order are given in Appendix A.
