AS 1304-1991 Welded wire reinforcing fabric for concrete

[View on Information Provider website](#)

Abbreviation

AS 1304-1991

Valid from

11/02/1991

Information provider

SAI Global

Author

Standards Australia

Information type

Australian Standard

Format

PDF, Hard copy

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

This Standard specifies requirements for welded steel wire fabric intended for use as reinforcement for concrete. It consists of longitudinal wires with cross wires welded to them.

The following significant changes to the previous edition have been made: a new table (revision of Table 1) has been introduced to give the specification of standard fabrics most commonly made throughout Australia and the use of 'suitable' in Appendix C has been deleted.

Scope

Notes:

1. For 'Purchasing guidelines', see Appendix A.
2. For 'Means for demonstrating compliance with this Standard', see Appendix B.

For assistance with locating previous versions, please contact the information provider.
