## AS 1418.6-2004 (R2018) Cranes, hoists and winches - Part 6: Guided storing and retrieving appliances

[View on Information Provider website](#)

### Abbreviation

AS 1418.6-2004

### Valid from

02/09/2004

---

### Information provider

SAI Global

### Author

Standards Australia

### Information type

Australian Standard

### Format

PDF, Hard copy

---

### Cited By

[This resource is cited by 1 document \(show Citations\)](#)

---

### Description

This Standard specifies requirements, additional to those in AS1418.1, for guided storing and retrieving machine and universal stacker crane types, and for appliances intended to carry out similar functions and the interface between the elements of the total system.

Application, materials, design, structure, clearances and tolerances, ancillary equipment, cabins, platforms and ladders, mechanisms, stability, controls, inspection and testing, maintenance and marking are covered. Appendices provide guidance on assessing mechanism, classification, tolerances, storing and retrieving machine and system layouts, assessment of appliance performance, test certificates, and maintenance procedures.

### Scope

### NOTES:

1. A chart showing types of guided storing and retrieving appliances within the scope of this Standard is given in Appendix A.
2. A guided storing and retrieving appliance may be referred to herein as (an) (the) appliance.

For assistance with locating previous versions, please contact the information provider.
