AS 1450-2007 (R2017) Steel tubes for mechanical purposes

[View on Information Provider website](#)

Abbreviation

AS 1450-2007 (R2017)

Valid from

09/10/2007

Information provider

SAI Global

Author

Standards Australia

Information type

Australian Standard

Format

PDF, Hard copy

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

This Standard specifies the requirements for the production and supply of carbon and carbon-manganese steel tubes of round, square, rectangular or other non-circular cross-section produced by either cold-forming or hot-forming, and intended for use in mechanical applications.

Scope

For assistance with locating previous versions, please contact the information provider.
