AS 1462.24-2003 (R2018) Methods of test for plastics pipes and fittings - Method 24: Determination of resistance to crack propagation - Test methods for slow crack growth in notched pipes (notch test)

[View on Information Provider website](#)

Abbreviation

AS 1462.24-2003

Valid from

08/01/2003

Information provider

SAI Global

Author

Standards Australia, Standards New Zealand

Information type

Australian Standard

Format

PDF

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

This Standard specifies a method of test for determining the resistance to slow crack growth of polyolefin pipes, expressed in terms of time to failure in a hydrostatic pressure test on a pipe with machined longitudinal notches in the outside surface.
