Description

This Standard sets out recommendations for the lighting of circulation spaces and other areas which commonly occur in buildings of various types. It is intended to be read in conjunction with the general recommendations of AS 1680.1 and with any applicable specific recommendations in the AS 1680.2 series.

Scope

Note: Separate Standards covering the lighting of specific tasks and interiors will progressively be issued to form the AS 1680.2 series (see Preface). This Standard, in general, contains material that adds to or amends the recommendations in AS 1680.1.

The use of this Standard without reference to AS 1680.1 is a misapplication of the Standard.
