## AS 1742.2-1994 Manual of uniform traffic control devices - Part 2: Traffic control devices for general use

[View on Information Provider website](#)

### Abbreviation

AS 1742.2-1994

### Amendment

AS 1742.2-1994/Amdt 1-1997

### Valid from

20/06/1994

---

### Information provider

SAI Global

### Author

Standards Australia

### Information type

Australian Standard

### Format

PDF, Hard copy

---

### Cited By

[This resource is cited by 1 document \(show Citations\)](#)

---

### Description

This standard describes requirements for traffic control devices for general use on roads other than freeways, and sets out the way they are applied at intersections, between intersections, and at a number of specific situations including substandard horizontal and vertical curves, approaches to structures and obstructions, changes in pavement width, climbing and overtaking lanes, steep grades and water crossings. Guidance is also given in appendices on the design and installation of signs.
