AS 1874-2000 (R2018) Aluminium and aluminium alloys - Ingots and castings

[View on Information Provider website](#)

Abbreviation
AS 1874-2000
Valid from
12/05/2000

Information provider
SAI Global
Author
Standards Australia
Information type
Australian Standard
Format
PDF, Hard copy

Cited By
[This resource is cited by 1 document \(show Citations\)](#)

Description

This Standard specifies requirements for aluminium ingots and aluminium alloy ingots and castings. Includes tables listing the chemical composition of aluminium alloys and the mechanical property requirements of test bars.

Appendices describe the designation system for alloys and tempers and provide guidance on the selection of alloys.

Scope

This Standard specifies requirements for aluminium ingots and aluminium alloy ingots and castings.

Note: Advice and recommendations on information to be supplied by the purchaser at the time of enquiry or order are contained in Appendix A.

For assistance with locating previous versions, please contact the information provider.
