## AS 2001.7.20-1983 Methods of test for textiles Part 7.20: Quantitative analysis of fibre mixtures - Binary mixtures of inorganic based, man-made fibres and certain fibres (method based on ignition at 625 degrees Celsius)

[View on Information Provider website](#)

### Abbreviation

AS 2001.7.20-1983

### Valid from

07/03/1983

---

### Information provider

SAI Global

### Author

Standard Australia

### Information type

Australian Standard

### Format

PDF, Hard copy

---

### Cited By

[This resource is cited by 1 document \(show Citations\)](#)

### Description

This standard sets out a method for the quantitative analysis of binary mixtures of inorganic based, man-made fibres and certain fibres by ignition at 625C.

For assistance with locating previous versions, please contact the information provider.

### Notes/comments

AS/NZS 4859.1:2002 cites this standard with reference to the material properties of textiles used for thermal insulation.
