Description

This Standard specifies general safety requirements for household and similar electrical appliances.

It is a base Standard which, when combined with a particular standard in the AS 3300/NZS 6300 series, becomes a complete standard for the particular appliance.

It is based on IEC 335-1:1976, 2nd edition, including Amendments 1 to 6 and is identical with NZS 6300:1996 and produced as a Joint Australian/New Zealand Standard.

It is referenced in regard to domestic solid fuel heating appliances.

For assistance with locating previous versions, please contact the information provider.
