AS 3572.9-1989 Plastics - Glass filament reinforced plastics (GRP) - Methods of test - Determination of pressure regression characteristics as a function of time for glass filament reinforced plastics pipes

[View on Information Provider website](#)

Abbreviation
AS 3572.9-1989
Valid from
01/01/1989

Information provider
SAI Global
Author
Standards Australia
Information type
Australian Standard
Format
PDF, Hard copy

Cited By
[This resource is cited by 1 document \(show Citations\)](#)

Description

This Standard establishes the procedure for determining linear regression coefficients of the pressure/time relationship of GRP pipes, and regression ratios based on lower confidence limits used for the determination of quality control test pressures.
