AS/NZS 2785:2020 Suspended ceilings - Design and installation

[View on Information Provider website](#)

Abbreviation
AS/NZS 2785:2020
Valid from
29/05/2020

Information provider
Standards New Zealand
Author
Standards New Zealand, Standards Australia
Information type
New Zealand Standard
Format
PDF, Hard copy

Description

This Standard sets out the minimum requirements for the design, construction, installation, maintenance, and testing of internal and external non-trafficable suspended ceiling systems of dry construction with suspension systems attached to a supporting structure. It is intended for use in commercial and industrial applications.

This Standard also applies to domestic structures designed in accordance with AS 1170.4 in Australia. This Standard is based on limit states philosophy and covers aspects of the design and performance requirements, installation, workmanship, maintenance, and testing of suspended ceiling systems.
