Description

This Standard specifies requirements for the production and supply of welded I-sections for general structural and engineering purposes.

Scope

This Standard does not cover the following:

- (a) Structural steel hot-rolled bars and sections (see AS/NZS 3679.1).
- (b) Steel plates for pressure equipment (see AS 1548).
- (c) Structural steel hot-rolled plates, floorplates and slabs (see AS/NZS 3678).
- (d) Carbon steels and carbon-manganese steels hot-rolled bars and semifinished products (see AS 1442).
- (e) Structural steel hollow sections (see AS 1163).
- (f) Steel reinforcing bars for concrete (see AS 1302).
- (g) Structural and pressure vessel steel Quenched and tempered plate (see AS 3597).
- (h) Built-up I sections fabricated in accordance with AS 3990, AS 4100 or NZS 3404.
