## ASTM A204/A204M-03 (2007) Standard Specification for Pressure Vessel Plates, Alloy Steel, Molybdenum

[View on Information Provider website](#)

### Abbreviation

ASTM A204/A204M-03 (2007)

### Version

Revised 2007

### Valid from

10/10/2003

---

### Information provider

American Society of Testing and Materials

### Author

American Society of Testing and Materials

### Information type

ASTM Standard

### Format

PDF

---

### Cited By

[This resource is cited by 1 document \(show Citations\)](#)

---

### Description

This specification covers molybdenum-alloy steel plates, intended particularly for welded boilers and other pressure vessels.

Material under this specification is available in three grades having different strength levels

For assistance with locating previous versions, please contact the information provider.
