Description

This specification covers ductile iron castings for pressure-retaining parts for use at elevated temperatures.

Scope

1.1 This specification covers ductile iron castings for pressure-retaining parts for use at elevated temperatures (Note 1).

1.2 Valves, flanges, pipe fittings, pumps, and other piping components are generally manufactured in advance and supplied from stock by the manufacturer, jobber, or dealer.

1.3 For supplemental casting requirements Specification A 834 may be utilized.
