ASTM A520-90 Standard Specification for Supplementary Requirements for Seamless and Electric-Resistance-Welded Carbon Steel Tubular Products for High-Temperature Service Conforming to ISO Recommendations for Boiler Construction

[View on Information Provider website](#)

Abbreviation
ASTM A520-90
Valid from
23/02/1990

Information provider
IHS Markit
Author
American Society of Testing and Materials
Information type
ASTM Standard
Format
PDF

Cited By
[This resource is cited by 1 document \(show Citations\)](#)

Description

This specification provides the requirements which are to supplement and supersede the requirements of ASTM specifications for seamless and electric-resistance-welded carbon steel tubular products suitable for high-temperature service, when these tubular products are to be used in applications conforming to ISO Rules.
