ASTM B633-78 Standard Specification for Electrodeposited Coatings of Zinc on Iron and Steel

[View on Information Provider website](#)

Abbreviation

ASTM B633-78

Valid from

31/03/1978

Information provider

IHS Markit

Author

American Society of Testing and Materials

Information type

ASTM Standard

Format

PDF

Cited By

Description

This specification covers requirements for electrodeposited zinc coatings applied to iron or steel articles to protect them from corrosion. It does not cover electrodeposited zinc-coated steel wire or sheets (see Specification A 591 for sheets).

The coatings are provided in four standard thickness classes (3.1), in the as-plated condition or with one of three types of supplementary finish (3.2).

For assistance with locating previous versions, please contact the information provider.
