ASTM C168-08 Standard Terminology Relating to Thermal Insulation

[View on Information Provider website](#)

Abbreviation

ASTM C168-08 ASTM C168-08

Valid from

01/06/2008

Information provider

American Society of Testing and Materials

Author

American Society of Testing and Materials

Information type

ASTM Standard

Format

PDF

Description

This standard provides definitions, symbols, units, and abbreviations of terms used in ASTM standards pertaining to thermal insulating materials, and to materials associated with them.

Scope

This standard provides definitions, symbols, units, and abbreviations of terms used in ASTM standards pertaining to thermal insulating materials, and to materials associated with them.

This terminology is not intended to be used to classify insulation materials as having particular properties. Rather, classification insulation materials is to be done by the material standards themselves.
