## ASTM D624-00 (2007) Standard Test Method for Tear Strength of Conventional Vulcanized Rubber and Thermoplastic Elastomers

[View on Information Provider website](#)

### Abbreviation

ASTM D624-00 (2007)

### Valid from

01/11/2007

---

### Information provider

American Society of Testing and Materials

### Author

American Society of Testing and Materials

### Information type

ASTM Standard

### Format

PDF

---

### Cited By

[This resource is cited by 1 document \(show Citations\)](#)

---

### Description

This test method describes procedures for measuring a property of conventional vulcanized rubber and thermoplastic elastomers called tear strength.

For assistance with locating previous versions, please contact the information provider.

### Notes/comments

Note: The 2000 edition of this Standard was published in 2000 and was subsequently reapproved 1 November 2007, with a 2007 revision published in January 2008.
