ASTM G113 - 05 Standard Terminology Relating to Natural and Artificial Weathering Tests of Nonmetallic Materials

[View on Information Provider website](#)

Abbreviation

ASTM G113 - 05

Valid from

15/08/2005

Information provider

American Society of Testing and Materials

Author

American Society of Testing and Materials

Information type

ASTM Standard

Format

PDF

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

This terminology standard covers terms that relate to the durability testing of Nonmetallic Materials using natural and artificial weathering exposure techniques.

It is the intent of this terminology standard to include those weathering terms in wide use in ASTM for which standard definitions appear desirable.

For assistance with locating previous versions, please contact the information provider.
