ASTM G154 - 00 Standard Practice for Operating Fluorescent Light Apparatus for UV Exposure of Nonmetallic Materials

[View on Information Provider website](#)

Abbreviation

ASTM G154 - 00

Valid from

10/02/2000

Information provider

American Society of Testing and Materials

Author

American Society of Testing and Materials

Information type

ASTM Standard

Format

PDF

Cited By

[This resource is cited by 3 documents \(show Citations\)](#)

Description

This practice covers the basic principles and operating procedures for using fluorescent UV light, and water apparatus intended to reproduce the weathering effects that occur when materials are exposed to sunlight (either direct or through window glass) and moisture as rain or dew in actual usage.

Scope

For assistance with locating previous versions, please contact the information provider.
