Attached garages and thermal envelope design - Build 110(2009)

[View on Information Provider website](#) [Download this resource \(PDF, 924KB\)](#)

{{ linkText }}

Abbreviation

Attached garages and thermal envelope design

Valid from

01/02/2009

Information provider

BRANZ Limited

Information type

BUILD article

Format

Website, PDF

Description

When developing the insulation scheme for a domestic building, designers need to carefully consider any weak spots in the thermal envelope. Attached garages are an area of significant heat loss, so how should they be dealt with?

For assistance with locating previous versions, please contact the information provider.
