## AWS A5.28 - 1979 Specification For Low-Alloy Steel Electrodes For Gas Shielded Arc Welding

[View on Information Provider website](#)

### Abbreviation

AWS A5.28 - 1979

### Valid from

01/01/1979

---

### Information provider

IHS Markit

### Author

American Welding Society

### Information type

Material specification

### Format

PDF

---

### Cited By

[This resource is cited by 1 document \(show Citations\)](#)

---

### Description

This specification prescribes the requirements for classification of solid low-alloy steel electrodes and rods, composite stranded low-alloy steel electrodes, and composite metal cored low-alloy steel electrodes for gas shielded arc welding.
