BS 18:1987 Method for tensile testing of metals (including aerospace materials)

[View on Information Provider website](#)

Abbreviation

BS 18:1987

Valid from

30/06/1987

Information provider

British Standards Institution

Author

British Standards Institution

Information type

British Standard

Format

PDF

Cited By

[This resource is cited by 2 documents \(show Citations\)](#)

Description

This Standard specifies a method at room temperature and defines the mechanical properties which can be determined. Provides for the requirements of the aerospace series of British Standards where necessary.
