## BS 4372:1968 Specification for engineers' steel measuring rules

[View on Information Provider website](#)

### Abbreviation

BS 4372:1968

### Valid from

30/12/1968

---

### Information provider

British Standards Institution

### Author

British Standards Institution

### Information type

British Standard

### Format

PDF

---

### Cited By

[This resource is cited by 1 document \(show Citations\)](#)

---

### Description

This standard recommends lengths and sections of steel rules and steel folding rules. Has clauses relating to material and finish, accuracy and marking. Shows typical examples of rules which comply and proposes simplified scales for use in the future.

For assistance with locating previous versions, please contact the information provider.
